INTRODUCTION

Civil enforcement means local authorities manage streets and car parks, freeing up police resources. Parking attendants, known as Civil Enforcement Officers (CEOs), can issue Penalty Charge Notices (PCNs) to incorrectly parked cars. Local authorities now operate a 'differential penalty' system, which means that, if you do receive a PCN, the level of the charge will depend on the situation. For example, you'll usually pay more for parking on a double yellow line than for overstaying in your space.

The aim is to manage on-street and off-street parking through effective parking enforcement in order to improve conditions for people living in, working in and visiting the areas.

This document aims to:

- Remind people how to park carefully and considerately
- Indicate the steps involved once a Penalty Charge Notice (PCN) has been issued
- Outline the standard parking contraventions and observation times
- Offer guidance on the enforcement of specific parking contraventions and specific circumstances
- Offer guidance on the cancellation of PCNs
- Give definitions of some commonly used terms
- Explain the commonly used abbreviations

The contents of the document are derived from:

- Legal requirements
- Current practices
- Accepted best practice
- TMA 04 Operational Guidance/Welsh Government documentation on CPE
- Experience gained across all partner authorities
- Traffic Penalty Tribunal recommendations with regard to mitigation

It is impossible to qualify every case and Civil Enforcement Officers (CEOs) will be instructed to issue PCNs to all vehicles parked in contravention of a parking regulation (unless specified in this document) following the expiry of any observation period allowed. Only authorised personnel will be allowed to cancel a Penalty Charge Notice. Cancellation may only occur after written challenges/representations against the issue of the PCN are received. A CEO is not able to cancel or retract a PCN once issued.

Every challenge/representation against the issue of a PCN will be considered on its individual merits.

This document will be subject to regular review and will reflect current best practice.

Wales Penalty Processing Partnership (WPPP)

WPPP, which is part of Denbighshire County Council, works on behalf of all partner authorities to support the enforcement operation by dealing with challenges, representations, payments and processing of all penalty charge notices that are issued.

Denbighshire County Council, Isle of Anglesey County Council, Gwynedd Council, Wrexham County Borough Council, Pembrokeshire County Council, Powys County Council, Ceredigion Council, Bridgend Council, Vale of Glamorgan Council and Flintshire County Council are working in partnership for the processing of Penalty Charge Notices.

HOW TO PARK

Parking incorrectly, for example on double and single yellow lines, in a bus lane, across cycle lanes or in residents' parking bays, even for a few minutes, can cause inconvenience and even danger to other road users and pedestrians.

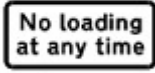

The partner authorities hope that by enforcing parking regulations motorists will be more inclined to park safely and legally. This will therefore reduce the inconvenience and danger placed upon safe parkers and road users every day.

Following these simple rules will help you to park in a way that doesn't cause inconvenience to other members of the public:

- Always check the lines on the road and, where applicable, the signs by the side of the road. If you park in a marked bay on-street, always check the associated signs
- Always make sure you have parked within the bay markings
- Make sure that none of your vehicles wheels are resting on the yellow line(s)
- Do not assume that by parking behind yellow lines you are not parking in contravention of a traffic regulation order. Areas where you think you may be allowed to park will in fact be part of the highway and will be enforced as such
- In pay and display car parks always make sure you read the signage
- In car parks always make sure you purchase the appropriate pay and display ticket in accordance with the instructions on the signage
- Ensure that you have sufficient change to purchase a Pay and Display ticket prior to making use of a parking bay where a charge is applicable
- Where applicable, always make sure you clearly display your pay and display ticket
- Do not stay longer than is permitted by the signs or by the ticket you have purchased
- Do not block entrances to private properties – dropped kerbs
- Do not double park
- Do not park on footways
- Do not park on pedestrian crossings or the white zig-zag markings near to the crossing
- Do not park on 'School Keep Clear' markings or the yellow zig-zag markings near to schools

The following are some of the common restrictions you will see and a reminder of what they mean:

	<p>Double yellow lines</p> <p>along the edge of the road mean no waiting <u>at any time</u>. However, you may stop while passengers get into or out of the vehicle and to load and unload, unless there are also loading restrictions. There is no requirement to erect a sign for a permanent double yellow line restriction. The restriction imposed by these markings applies from the centre of the road to the property line on the side of the road that the marking is laid (including lay-bys, verges and pavements).</p>  <p>Some double yellow line restrictions in Wales may operate on a seasonal basis, meaning that they will only be enforced during the times specified on the adjoining sign.</p>
	<p>Single Yellow Lines</p> <p>along the edge of the road mean you can't wait during the times shown on the adjacent sign. However, you may stop while passengers get into or out of the vehicle and to load and unload, unless there are also loading restrictions.</p> <p>The restriction imposed by these markings applies from the centre of the road to the property line on the side of the road that the marking is laid (including lay-bys, verges and pavements).</p>

   	<p>Loading Restrictions are shown by yellow lines on the kerb or at the edge of the carriageway. They indicate that loading or unloading is prohibited during the times shown on the signs.</p> <p>Double yellow lines on the kerb mean no loading or unloading at any time. Even Blue Badge holders with badges and time clocks are not allowed to park where there are loading restrictions in force.</p>
 	<p>Limited Waiting Bays are shown by bay markings and signs that indicate the maximum amount of time that you may park in the bay.</p> <p>Please take note of the 'No Return' information displayed on the sign. This means that you are not permitted to return to the limited waiting bay within the time specified. CEOs will log all vehicles parked in limited waiting bays to ensure that they do not return to the bay within the specified timescale. Vehicles overstaying the permitted time or returning to the bay within the specified timescale will be issued with a PCN.</p> <p>Also take note some bays may be "dual use" (for example residents at certain times/limited waiting at other times or loading only 0800 – 1100, limited waiting at other times) and may not have any markings on the road.</p>
 	<p>Loading Bays Are white 'bays' marked with the words 'Loading only' and a sign with the white on blue 'trolley' symbol. A sign will show the times when the bay can be used and whether loading and unloading is restricted to certain types of vehicles (for example "goods vehicles"). Vehicles may not park here if they are not loading or unloading.</p>
	<p>Bus Stop Clearways You must not park in a bus stop clearway during its period of operation. The period of operation will be shown on the adjoining signage.</p> <p>There are also Bus stands on the highway. Again, you must not park on Bus Stands during the period of operation.</p>
	<p>Taxi Ranks You must not park in a Taxi Rank during its period of operation. The period of operation will be shown on the adjoining signage. If no times are indicated, then the restriction is in place 24 hours a day, 7 days a week.</p>

	<p>Parking Bays for Specific Use</p> <p>You must not park in parking spaces reserved for specific users such as Doctors, Blue badge holders or residents, unless you are entitled to do so. Signs will indicate who is allowed to park and when the restrictions are in operation.</p>
	<p>Shared and Part-Time bays</p> <p>It is sometimes necessary for bays to be available for two or more different uses at different times of the day, or for bays to be used for parts of the day only. Drivers should check adjacent signs and note that there may be no markings on the roads</p>
	<p>Pedestrian Crossing Zig-Zags</p> <p>You must not park on a pedestrian crossing or in the area covered by the zig-zag markings. These markings are installed specifically to maintain pedestrian safety.</p>
	<p>School Keep Clear</p> <p>Do not stop or park outside a school in the area covered by the zig-zag markings. Keep entrances clear of stationary vehicles, even if picking up or setting down children. Stopping on "School Keep Clear" zig-zag markings outside school entrances is inconsiderate and potentially dangerous.</p> <p>'No stopping' regulations, displayed on nearby signs, are enforced.</p>

Always use the current version of the Highway Code

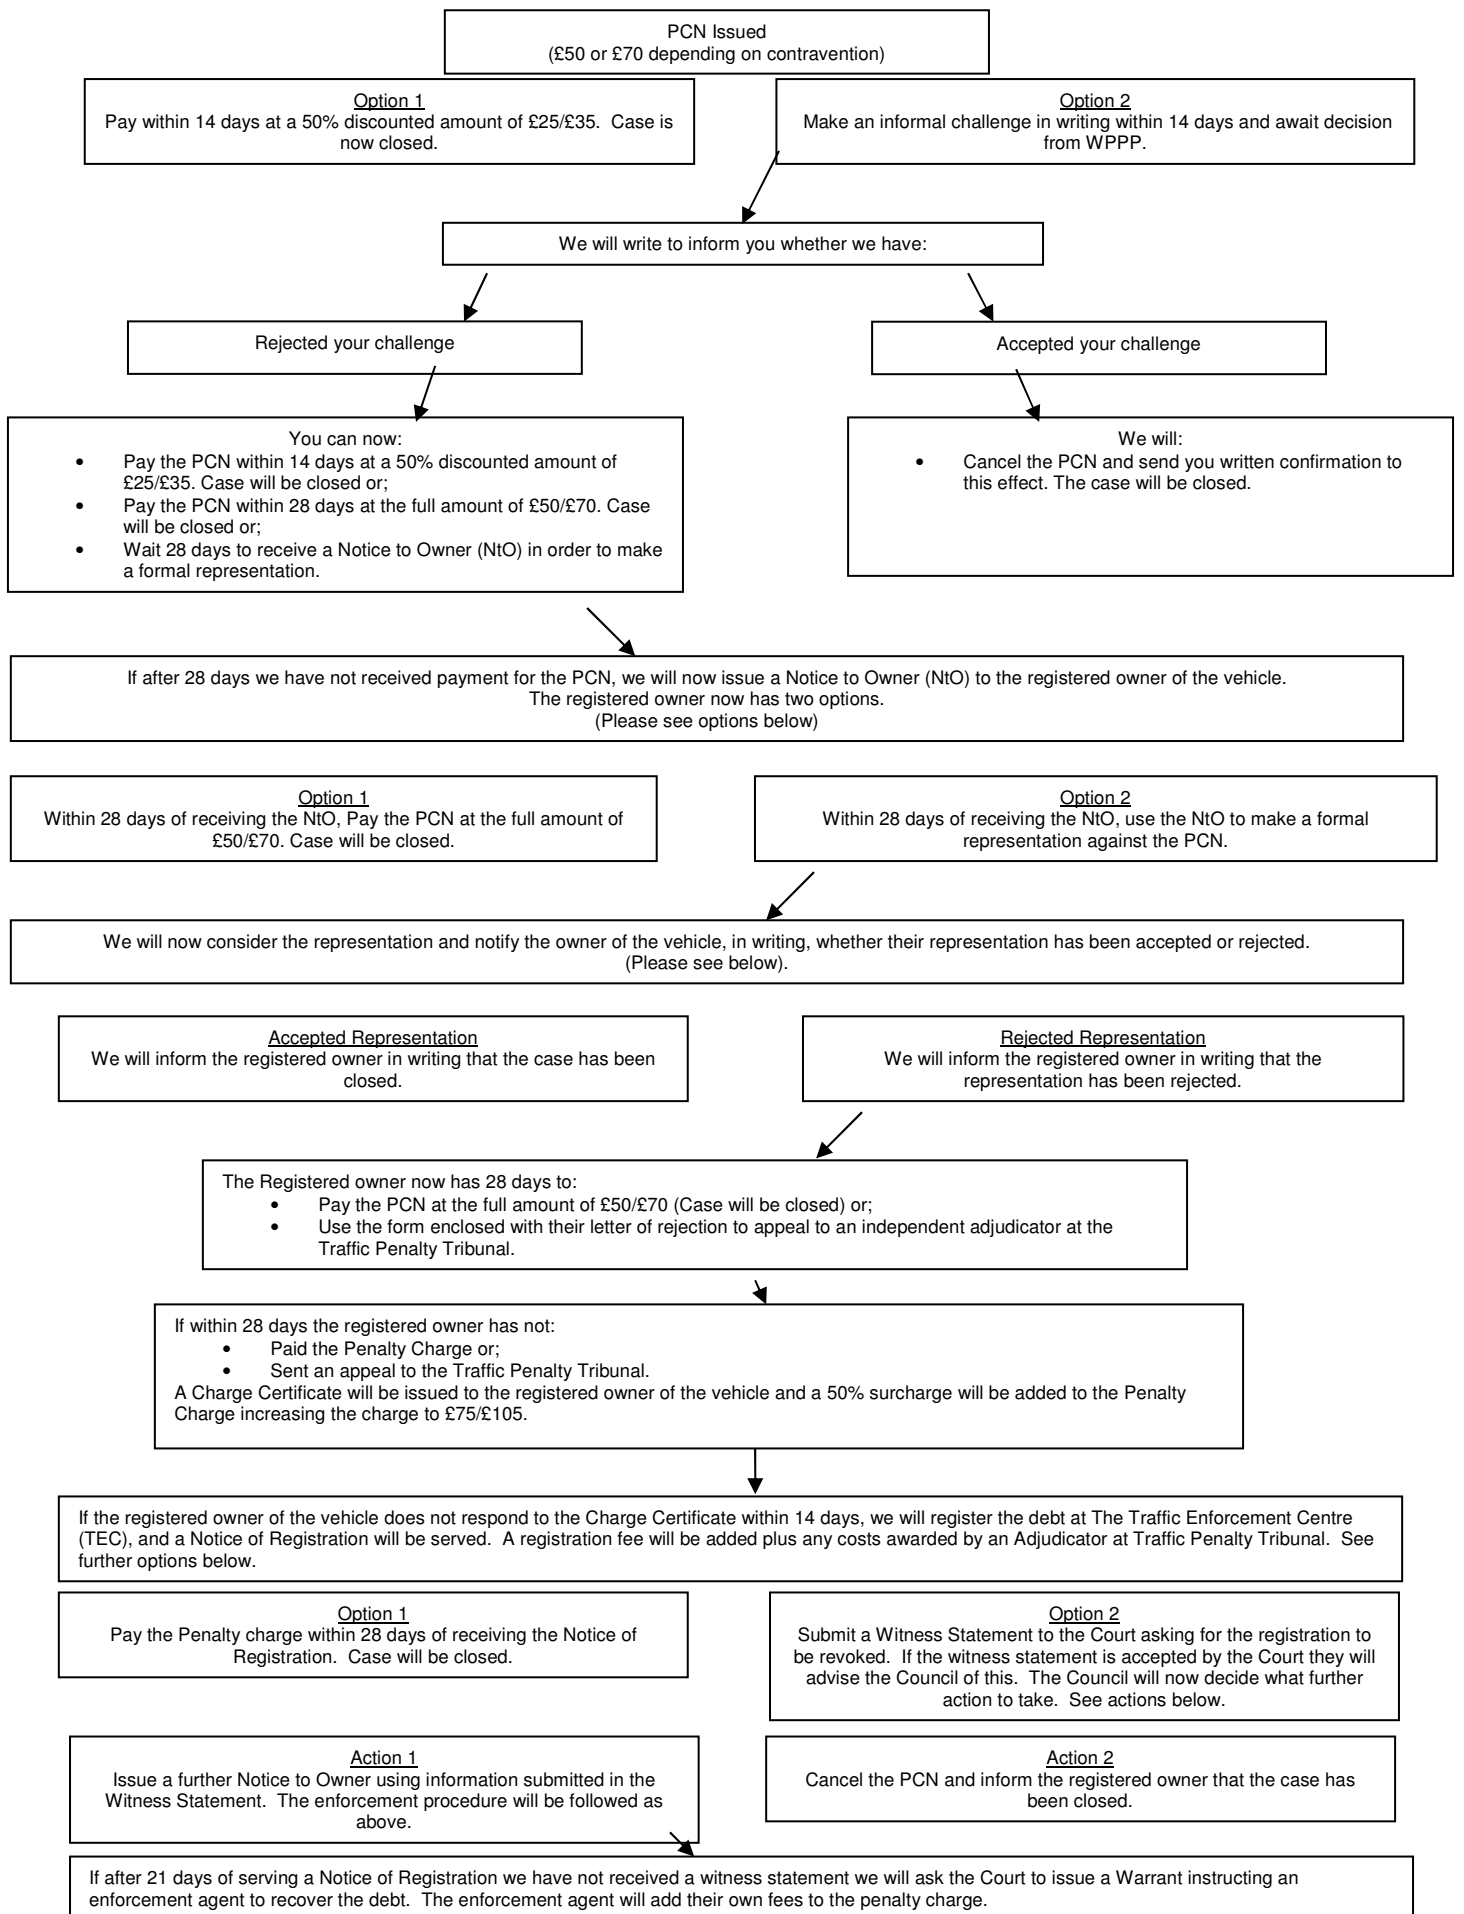

PCN RECOVERY SYSTEM FLOW CHART

The flow chart shows:

- The life-cycle of a Penalty Charge Notice (PCN),
- How we will enforce the PCN recovery process and
- The options available to for making representations against the issue of the PCN

The initial rate of the penalty charge will be dependant on the level of parking contravention that occurs.

The penalty charge rates are currently £70 for higher level and £50 for lower level contraventions.

PCN CHALLENGES/REPRESENTATIONS

Challenge against Issue of PCN

Within 14 days of issue of a PCN the owner of the vehicle may make an informal written challenge against the PCN. Within this challenge the owner can mention any mitigating circumstances as well as challenging the validity of the PCN.

The Council will respond, in writing, within 28 days of receipt of the challenge and must either give notification of acceptance of the challenge and cancellation of the PCN or rejection of the challenge.

If a challenge is rejected the written notification from the Council will give reasons why this decision has been reached. The qualifying period for the discounted rate will be restarted and last for 14 days from the date of the representation rejection letter.

The making of an informal challenge in no way detracts from the ability of the owner to make a subsequent formal representation against the issue of the PCN to the Council or to the Traffic Penalty Tribunal.

Formal Representation against Issue of PCN

The owner of a vehicle is given the opportunity to make a Formal Representation against a PCN once the Notice to Owner (NtO) is sent to him/her by the Council. This representation must be made within 28 days of receipt of the NtO. Formal Representation can only be made on the following grounds:

1. The Contravention did not occur
2. The Penalty exceeded the relevant amount (currently £50/£70 depending on the level of contravention)
3. The Traffic Order was invalid
4. The person receiving the NtO was not the owner/keeper of the vehicle at the time that the contravention occurred
5. The vehicle had been taken without consent
6. The NtO was received by a hire firm and they have supplied the name of the person hiring the vehicle at the time that the contravention occurred
7. There has been a procedural impropriety by the enforcement authority
8. The Notice should not have been served because the penalty charge had already been paid

Notice of Rejection or Acceptance of Formal Representation

Within 10 working days of receipt of a formal representation from the owner of the vehicle the Council will endeavour to send out a written Notice of Acceptance or Rejection:

1. Notice of Acceptance: This will confirm that the representation has been accepted and that the person's liability for the PCN has been cancelled.
2. Notice of Rejection: This formally rejects the representation and gives detailed reasons why the Council have come to this conclusion. The rejection is also accompanied with the necessary forms and instruction on how a further representation can be made to the independent Traffic Penalty Tribunal. – This representation must be made within 28 days of receipt of the notice of rejection.

Should a PCN recipient experience difficulty in writing their challenge/representation a reasonable adjustment will be permitted by the Issuing Authority whereby it will be possible to arrange for the recipient to dictate their challenge/representation to a Council employee who will write it on their behalf. A signature will however be required from the PCN recipient.

Penalty Charge Notice – Discount Period

The PCN rates throughout the partner authorities are currently set at £70 and £50 depending on the type of parking contravention. If the PCN is paid within 14 days of issue a discounted amount of £35 or £25 (50% of the original PCN rate) will be accepted in full settlement of the matter. If a challenge is received within 14 days of the PCN issue the discounted period will apply for a further 14 days and following the rejection of the initial challenge, a further 14 days for the payment of the PCN at the discounted rate will be allowed. This fact will be included within the Notice of Rejection.

If the challenge is received more than 14 days from issue of the PCN the discount period will not apply and the full amount of £70/£50 will be payable in the event of the challenge being rejected.

If a Notice to Owner (NtO) is sent to the owner/keeper who subsequently states that they have not received a Penalty Charge Notice they may make a written statement to that effect. If accepted, the discount amount can be paid provided it is paid within 14 days.

When it is claimed that the PCN was not received the computer system will be interrogated:

- 1) To ensure that such claims have not been made previously by the same person. If there is a history of such claims the discounted period will not be restarted and the full amount will be required to be paid.
- 2) To determine whether the information recorded by the CEO confirms that the PCN was attached to the vehicle.
- 3) To determine whether there is corroborating evidence that the PCN may have been removed illegally by third parties or otherwise.

Statutory Instruments provide that the liability remains with the owner of the vehicle even if the PCN is subsequently removed, for example by the weather or by an unauthorised person. Also see “Registered Owner Liability”.

It is an offence for any person other than the owner or person in charge of the vehicle and the enforcement authority to remove or interfere with a PCN attached to a vehicle. A person committing such an offence will be liable to a fine not exceeding level 2 on the standard scale.

PCN CONTRAVENTION CODES & OBSERVATION TIMES

Though a vehicle may be observed prior to certain PCNs being issued, an 'instant' PCN may always be issued in circumstances where the Civil Enforcement Officer concerned has evidence which supports the action of issuing the PCN without observing the vehicle for the minimum periods indicated.

On-Street Contraventions			
Code	Observation Time	Contravention	Charge Level
01	5 mins	Parked in a restricted street during prescribed hours. The contravention occurs when a vehicle waits/is parked on or inside single or double yellow lines during the prescribed hours of enforcement.	Higher
02	0 min	Parking or loading/unloading in a restricted street where waiting and loading/unloading restrictions are in force. The contravention occurs when a vehicle waits/is parked on single or double yellow lines accompanied by a no loading ban signified by yellow kerb/carriageway markings during the prescribed hours of enforcement.	Higher
12	5 min	Parked in a residents parking place or zone without clearly displaying either a permit or voucher issued for that place. The contravention occurs when a vehicle waits/is parked within the confines of a residents parking bay/space without a residents parking permit/visitor permit being on display within the vehicle.	Higher
16	0 min	Parked in a permit space without displaying a valid permit. The contravention occurs when a vehicle waits/is parked within the confines of a permit bay/space, such as a doctor's bay/space, without a valid parking permit being on display within the vehicle.	Higher
20	5 min	Parked in a loading gap marked by a yellow line. The contravention occurs when a vehicle waits/is parked in a loading gap which is marked by a yellow line. The yellow line will run between two marked bays such as residents or doctors permit bays. The two marked bays will only have single white markings to signify the end of each bay. If the end of the marked bays is signified by double white markings the yellow line between the bays is classed as a restricted street and a PCN will be issued for a 01 contravention.	Higher
21	0 min	Parked in a suspended bay/space or part of bay/space. The contravention occurs when a vehicle waits/is parked in any part of a suspended bay or parking space. The suspension will be signified by suspension signage such as a placard and/or cones, post and flags. The signage will be placed within the bay/space to be suspended if at all possible. If this is not possible the signage will be placed as close as is reasonably practicable to the bays/spaces to be suspended.	Higher
22	0 min	Re-parked in the same parking place or zone within one hour (or other specified time) of leaving. The contravention occurs when a vehicle returns to the same parking space within the specified time of leaving the space. This contravention can only be enforced when signage relating to the parking space clearly states that returning within the specified time is not permitted.	Lower

23	0 min	<p>Parked in a parking place or area not designed for that class of vehicle.</p> <p>Only certain classes of vehicle may park in certain specified locations. The contravention occurs when a vehicle is parked in a parking space reserved for a specific user (for example motorcycle only, doctors, goods vehicles (list is not exhaustive – there are many others))</p>	Higher
24	0 min	<p>Not parked correctly within the markings of the bay or space.</p> <p>The contravention occurs when one or more wheels of a vehicle are seen to be parked outside of the markings of a parking bay/space. The fact that the wheels of the vehicle are parked outside of the markings of the parking bay/space means that other parts of the vehicle will be encroaching on the available room in adjacent bays/spaces or causing an obstruction</p>	Lower
25	10 min	<p>Parked in a loading place during restricted hours without loading.</p> <p>The contravention occurs when a vehicle waits/is parked within an area/marked bay designated as a loading place without any loading/unloading activity being observed by the CEO.</p>	Higher
26	0 min	<p>Vehicle parked more than 50 cm (or other specified distance) from the kerb and not within a designated parking space.</p> <p>The contravention occurs when a vehicle waits/is parked more than 50cm from the kerbside and <u>not</u> within a designated parking space. This contravention is more commonly known as double parking.</p>	Higher
27	0 min	<p>Parked adjacent to a dropped footway.</p> <p>The contravention occurs when a vehicle waits/is parked adjacent to a dropped footway. Drivers are not permitted to park their vehicles in a manner that will obstruct a dropped footway. A dropped footway often enables easier access to premises and also enables members of the public such as parents with pushchairs or prams, and wheelchair users to cross the carriageway more easily.</p>	Higher
30	0 min	<p>Parked for longer than permitted.</p> <p>The contravention occurs when a vehicle waits/is parked within a free parking bay/space for longer than is permitted. Adjacent signage to the bay/space informs the driver of the vehicle exactly how long they may park for free.</p>	Lower
40	0 min	<p>Parked in a designated disabled person's parking place without clearly displaying a valid disabled person's badge.</p> <p>The contravention occurs when a vehicle waits/is parked within a designated disabled person's parking bay/space without clearly displaying a valid disabled person's badge. A PCN may be issued for this contravention for the following reasons:</p> <ul style="list-style-type: none"> • No valid Blue Badge is observed in the vehicle • If the Blue Badge is illegible/obscured. • The Blue Badge has expired. • If the clock that accompanies a Blue Badge is not displayed along with the badge (where there is a limit on the amount of time that the badge holder may park). 	Higher

42	0 min	Parked in parking place designated for police vehicles. The contravention occurs when a vehicle waits/is parked within any part of the markings of a designated police bay.	Higher
45	0 min	Parked on a taxi rank. The contravention occurs when a vehicle waits/is parked within any part of a taxi rank. Taxi ranks are clearly distinguished by the yellow carriageway markings surrounding the rank and the word 'taxi'. Adjacent signage will state the maximum number of taxis that may wait on the rank.	Higher
46	0 min	Stopped where prohibited (on a red route or clearway). The contravention occurs when a vehicle waits/is parked on any part of a clearway. Distinguished by signage visible when entering the clearway. No road markings are used in conjunction with a 24-hour clearway.	Higher
47	0 min	Parked on a restricted bus stop/stand. The contravention occurs when a vehicle waits/is parked within any part of a restricted bus stop/stand. Bus stops/stands are clearly distinguished by the yellow carriageway markings surrounding the stop/stand and sometimes the words 'bus stop' or 'bus stand' within the markings. Signage adjacent to the bus stop/stand will display the prescribed hours of enforcement.	Higher
61	0 min	A heavy commercial vehicle wholly or partly on a footway, verge or land between two carriageways. The contravention occurs when one or more wheels of a vehicle over 7.5 tonnes waits/is parked on a footway, verge or land between two carriageways. Heavy commercial vehicles parked on the footway can endanger members of the public by forcing them to walk in the carriageway. The weight of these vehicles also results in damage to the footway occurring.	Higher
62	0 min	Parked with one or more wheels on any part of an urban road other than a carriageway (footway parking) The contravention occurs when a vehicle waits/is parked on an urban road with one or more wheels resting on a footway, land between two carriageways, grass verge or space.	Higher
99	0 min	Stopped on a pedestrian crossing and/or crossing area marked by Zig-Zags. The contravention occurs when a vehicle waits/is parked on a pedestrian crossing and/or crossing area that is marked by zig-zag markings. Parking near to or on pedestrian crossings endangers the lives of pedestrians by obstructing their view and the view of approaching vehicles.	Higher

Off-Street Contraventions (Car Parks)			
70	10 min	Parked in a loading area during restricted hours without reasonable excuse. The contravention occurs when a vehicle waits/is parked within an area/marked bay designated as a loading area without any loading/unloading activity being observed by the CEO.	Higher
73	5 min	Parked without payment of the parking charge**. The contravention occurs when a vehicle waits/is parked without payment of the relevant parking charge. The parking charge will be clearly displayed on signage within the Car Park.	Lower
74	0 min	Using a vehicle in a parking place in connection with the sale or offering or exposing for sale of goods when prohibited. The contravention occurs when a vehicle waits/is parked in a parking place within a car park and the vehicle is being used in connection with the sale or offering or exposing for sale of goods.	Higher
80	10 min	Parked for longer than maximum period permitted. The contravention occurs when a vehicle waits/is parked within a free parking bay/space for longer than is permitted. Adjacent signage to the bay/space informs the driver of the vehicle exactly how long they may park for free.	Lower
81	0 min	Parked in a restricted area in a car park. The contravention occurs when a vehicle waits/is parked in a clearly marked restricted area within a car park. There will be surface markings to signify the restricted area.	Higher
82	0 min	Parked after the expiry of time paid for in a pay & display car park. The contravention occurs when the pay and display ticket seen inside a vehicle shows that the time paid for has expired.	Lower
83	5 min	Parked in a pay & display car park without clearly displaying a valid pay & display ticket**. The contravention occurs when a clearly displayed pay and display ticket cannot be seen inside a vehicle parked in a pay and display car park. A PCN may be issued for this contravention for the following reasons: <ul style="list-style-type: none"> • No pay and display ticket can be seen inside the vehicle. • The details on the pay and display ticket are illegible/obscured. • The pay and display ticket on display is face down resulting in no details being visible to the CEO. • The pay and display ticket has fallen onto the floor of the vehicle resulting in no details being visible to the CEO. 	Lower

84	0 min	<p>Parked with additional payment made to extend the stay beyond time first purchased.</p> <p>The contravention occurs when another pay and display ticket has been purchased and subsequently displayed in the vehicle resulting in the vehicle being parked in the same parking bay/space after the expiry time of the first pay and display ticket purchased. This contravention can only be enforced when signage relating to the parking bay/space clearly states that making additional payment to extend the stay beyond that initially purchased is not permitted.</p>	Lower
85	0 min	<p>Parked in a permit bay without clearly displaying a valid permit.</p> <p>The contravention occurs when a vehicle waits/is parked within the confines of a permit bay/space within a car park without a parking permit being on display within the vehicle.</p>	Higher
86	0 min	<p>Parked beyond the bay markings.</p> <p>The contravention occurs when one or more wheels of a vehicle are seen to be parked outside of the markings of a parking bay/space within a car park. The fact that the wheels of the vehicle are parked outside of the markings of the parking bay/space means that other parts of the vehicle will be encroaching on the available room in adjacent bays/spaces. Motorhomes and vehicles with trailers should purchase sufficient P&D tickets to cover the bays occupied.</p>	Lower
87	0 min	<p>Parked in a disabled person's parking space without clearly displaying a valid disabled person's badge.</p> <p>The contravention occurs when a vehicle waits/is parked within a designated disabled person's parking bay/space within a car park without clearly displaying a valid disabled person's badge. A PCN may be issued for this contravention for the following reasons:</p> <ul style="list-style-type: none"> • No valid disabled person's badge is observed in the vehicle • If the disabled person's badge is illegible/obscured. • The disabled person's badge has expired. • If the clock that accompanies a disabled person badge is not displayed along with the badge (where there is a limit on the amount of time that the badge holder may park). 	Higher
89	0 min	<p>Vehicle parked exceeds maximum weight and/or height permitted in the area.</p> <p>The contravention occurs when a vehicle that is either too heavy or too high is seen to be waiting/parked within a car park. The height and weight restrictions for the car park will be clearly displayed on the entry signage to the car park.</p>	Higher
90	0 min	<p>Re-parked within the specified time of leaving a bay or space in a car park.</p> <p>The contravention occurs when a vehicle returns to the same parking bay/space in a car park within the specified time of leaving the parking bay/space. This contravention can only be enforced when signage relating to the parking space clearly states that returning within the specified time is not permitted.</p>	Lower
91	0 min	<p>Parked in an area not designated for that class of vehicle.</p> <p>The contravention occurs when a vehicle is parked in an area of a car park that is not designated for that class of vehicle. An example of this would be where a car is parked in a motorcycle bay, or a motorcycle is parked within a cycle area.</p>	Higher

92	0 min	Parked causing an obstruction. The contravention occurs when a vehicle waits/is parked within a car park in a manner that is causing obstruction to other users of the car park.	Higher
93	0 min	Parked in a car park when closed. The contravention occurs when a vehicle waits/is parked in a car park outside of the car parks normal hours of operation.	Lower
94	5 min	Parked in a pay and display car park without clearly displaying two valid pay and display tickets when required. The contravention occurs when a vehicle waits/is parked in a car park without two valid pay and display tickets being displayed in the vehicle. An example of this may be where a driver has to purchase two pay and display tickets at the same time - one pay and display ticket for the vehicle, and a second pay and display ticket for an attached trailer wholly or partly occupying a second bay.	Lower
95	0 min	Parked in a parking place for a purpose other than the designated purpose for the parking place. The contravention occurs when a vehicle waits/is parked in a parking place within a car park for a purpose other than that designated for the parking place. An example of this may be where a parking place within a car park is designated for the purpose of charging electronic vehicles yet a vehicle is parked in the designated space selling goods.	Lower
96	0 min	Parked with engine running where prohibited. The contravention occurs when a vehicle waits/is parked with the engine of the vehicle running within a car park where leaving the engine running is prohibited. Signage adjacent to the parking place will signify the restriction.	Lower
An 'instant' PCN may always be issued in circumstances where the CEO concerned has evidence which supports the action of issuing the PCN without observing the vehicle for the minimum periods indicated.			
** Visitors are not permitted time to obtain change away from the immediate area of the P&D machine or car park. CEOs should observe queues at ticket machines and/or pedestrians who may be seeking change or returning to the vehicle in question, before issuing a Penalty Charge Notice.			

SPECIFIC PROCEDURES

Abandoned Vehicles

Where a vehicle remains parked, in a restricted area, for a period during which multiple PCNs are issued (multiple = 3) for the same contravention and the PCNs are not removed from the vehicle. The CEO will report the vehicle as potentially abandoned and it will be dealt with by the Council's abandoned vehicle section under the provisions of Refuse Disposal (Amenity) Act 1978.

We will use the following criteria to help us identify Abandoned Vehicles:

- Untaxed or showing out of date tax disc*.
- General poor condition.
- No evidence of movement.
- Multiple PCNs attached to vehicle.

*The vehicle must be untaxed or showing an out of date tax disc to enable removal by the Council.

Whilst the vehicle is being dealt with as potentially abandoned no further PCNs will be issued. Issued PCNs will be enforced against the registered owner of the vehicle in the normal way. The Council abandoned vehicles protocols shall apply and the CEOs and Police Officers will fulfil their agreed specified actions in respect thereof.

Bank Holidays – Restrictions Applicable

Waiting and loading restrictions, as indicated by yellow lines/markings on the carriageway and/or kerbs may be in force throughout the year.

Charges and conditions apply in Pay & Display car parks during Bank Holidays unless otherwise signed.

Motorists cannot assume that restrictions do not apply on Bank Holidays **unless this is specifically stated** in the relative signage. Enforcement on Bank Holidays will pay particular attention to known problem areas.

Bank Visits

Claims from individuals or companies that, because money is being taken to or from a bank, PCNs should not be issued will not be accepted as a reason to cancel. If restrictions are in place adjacent to a bank these must be complied with by all motorists. Motorists should be advised to contact the bank about future security arrangements.

It is appreciated that difficulty may be experienced when visiting banks but the exemption that will apply is in relation to bullion vehicles whilst loading/unloading large quantities of coin and cash boxes.

Blocked Access

Drivers who claim that they were unable to gain access to their private or commercial property are not entitled to park in contravention of any parking restriction. The exception to this is when a driver has to collect a key to unlock a barrier that prevents access. This, however, should take no longer than 5 minutes in most circumstances.

Where access to a property is being blocked and a parking restriction is in place a PCN may be issued to the vehicle providing it is parked in contravention of the restriction.

Cases of obstruction may also be referred to the police.

Blocked Exit from a Parking Place

Drivers who claim that they were unable to exit a parking place because another vehicle was blocking their exit should not leave their vehicle unattended. Drivers should wait with their vehicle until such times as they can advise the CEO of their predicament.

If the driver of the vehicle is seen, the CEO will not issue a PCN but will make full notes of the vehicle in their pocket book; they may take a photograph of the vehicle's position, and also advise any other CEOs in the immediate vicinity of the situation.

If the vehicle is left unattended, the CEO will issue a PCN but will make full notes of the vehicle in their pocket book and may take a photograph of the vehicle's position.

Where a representation against the issue of a PCN is received claiming that a vehicle could not be moved due to another parked vehicle, then due consideration should be given to its cancellation. When considering this, the representation should be accompanied by any supporting evidence provided by the vehicle owner and due consideration will also be taken of the CEOs pocket book notes and any photographs.

Blue Badges

The Blue Badge Scheme provides a national arrangement of parking concessions for people with severe walking difficulties who travel either as drivers or passengers. The Scheme also applies to registered blind people, and people with very severe upper limb disabilities who regularly drive a vehicle but cannot turn a steering wheel by hand. It allows badge holders to park close to their destination, but **please note** that the national concessions apply only to **on-street** parking.

It is a criminal offence to drive a vehicle displaying a Blue Badge unless the badge holder is in the vehicle. It is not permitted to use the badge for any other purpose e.g. shopping for the badge holder when they, themselves, are not being transported in the vehicle to carry out the shopping.

Blue badges must be clearly and properly displayed whilst the vehicle is parked. The Blue badge must be on the dashboard or the fascia of the vehicle where it can be seen through the windscreen. The badge must be displayed, with the expiry date visible. If there is no fascia or dashboard in the vehicle, the badge must be displayed in a prominent position. The Blue badge should always be displayed along with the time clock (parking disc).

Failure to do so will result in a PCN being issued for the contravention of the relative parking restriction or a PCN may be issued for the following reasons:

- No valid Blue Badge is observed in the vehicle
- If the Blue Badge is illegible/obscured.
- The Blue Badge has expired.
- If the clock (parking disc) that accompanies the Blue Badge is not displayed along with the badge (where there is a limit on the amount of time that the badge holder may park).

When considering the matter the Council will take into account previous contraventions by the same vehicle and/or badge holder for failure to display a Blue Badge. Where no previous contravention has occurred the representation should be allowed, providing proof of the existence of a valid badge is supplied. In such circumstances the letter sent to the person making the representation should make it clear that this contravention will be taken into account when considering any future contravention and that this may lead to any future representations being rejected.

Providing the Blue Badge is clearly and properly displayed the Badge Holder can park in:

- Limited parking areas: For an unlimited time.
- Yellow Lines: For a period not exceeding 3 hours.

Blue badge holders should look for signs in car parks indicating the local arrangements in force (not all authorities allow free parking in Pay & Display car parks).

Blue Badge Holders are not allowed to park in:

- Any area where there is a loading restriction.
- Any area specifically reserved for other vehicles or purpose. e.g.. Taxi Ranks, reserved spaces in car parks, Bus Stops or Goods vehicle loading bays etc.

Parking with a Blue Badge must always be in accordance with the current Blue Badge Scheme guidance.

Visitors from the European Union can enjoy the parking concessions provided in the UK by displaying the badge issued under their own national scheme. Where their national scheme does not include a parking disc (time clock) as required in England and Wales for parking on double yellow lines, the DfT suggests that, when parking in areas that would normally require a parking disc, the Blue Badge holder should simply write the time of arrival on a piece of card and display it prominently on the dashboard or fascia panel of their vehicle. This concession will be extended to Blue Badge holders from all other countries.

The Department for Transport is keen to ensure that the Blue Badge Scheme provides the intended benefits to badge holders while seeking to prevent improper use. By virtue of Section 94 of the Traffic Management Act 2004 police officers and civil enforcement officers (as defined in Section 76 of the Traffic Management Act 2004) have the power to inspect badges. It is an offence to fail to produce a badge when requested to do so by any of these authorised persons. .

Breakdown Organisations

Vehicles being used in conjunction with the repair or recovery of broken down vehicles will be exempt from the regulations as long as they can be seen to be actively involved in such. Vehicles parked for long periods with no activity observed are subject to the same restrictions as ordinary motorists.

Broken Down Vehicles: (Also See “Vandalised Vehicles”)

Claims of alleged breakdown will be accepted if they appear to be unavoidable and, if supporting evidence in the form of one or more of the following is produced:

1. Garage Receipt, on headed paper, properly completed and indicating repair of the alleged fault within a reasonable time of the contravention.
2. Till receipt for purchase of relevant spare parts purchased on or soon after the date of contravention.
3. Confirmatory letter from the RAC, AA or other similar motoring organisation.
4. Confirmation from the CEO that the vehicle was obviously broken down.

Each case will ultimately be considered upon its own merits although previous cases where breakdowns have been accepted as mitigating circumstances will also be considered.

A note left in the windscreen, stating that “the vehicle has broken down”, will not be accepted, by the CEO, as a reason for not issuing a PCN.

Listed below are some areas of contention relative to the alleged breakdown of vehicles:

1. FLAT BATTERY:

- a) The receipt for the purchase of a new battery or parts that could cause a flat battery (alternator, solenoid etc.), should be provided. The receipt should not pre-date the date of the contravention or postdate it by an unreasonable length of time.
- b) In cases where it is alleged that the vehicle was bump/jump started and no other evidence received, the PCN will be enforced. (NB. Vehicles with automatic transmission cannot be bump started).
- c) If no evidence is forthcoming, the PCN will be enforced.

Consideration will also be given as to how the vehicle became illegally parked in the first instance i.e. was it pushed from an unrestricted area or was it parked in contravention of a restriction before the breakdown occurred?

2. FLAT TYRE:

- a) It is reasonable to expect that in the event of a flat tyre the driver would be with the vehicle and making efforts to change the vehicle's wheel. If the vehicle is left unattended a PCN will be issued and will be cancelled only if it subsequently transpires that the driver was: Elderly, disabled or infirm and had gone to obtain assistance. In such instances evidence from the assisting party is required.
- b) If the wheel could not be changed because of a mechanical difficulty, then evidence must be produced from the attending breakdown service supporting this.
- c) Failure to carry a spare wheel is not sufficient reason to cancel a PCN.

3. OVERHEATING:

- a) All cases where it is claimed that the vehicle had overheated due to lack of water should be enforced unless it is directly attributable to a mechanical fault such as: broken fan belt, cracked radiator, burst hose, faulty water pump or thermostat. In such cases evidence of repair must be produced.
- b) Overheating caused by heavy traffic or hot weather will not be accepted as a valid excuse.

4. RUNNING OUT OF FUEL:

- a) Unless this is due to a mechanical/electrical fault evidenced by repair all PCNs will be enforced.

Builders/Tradesmen

1. Waiting restrictions: Parking will only be allowed whilst loading/unloading of tools or materials are taking place. At all other times the vehicle must be moved to a permitted parking area.
2. On-Street Residential Parking Zones: Trade vehicles can only park if they are loading/unloading and have a valid visitor's permit or where limited waiting is allowed without a permit – there will be a need to check the signs to determine how long the vehicle can be parked for.
3. Builders and Tradesmen may apply for a dispensation which, subject to consideration, would allow parking against certain restrictions.

Bus Stops

PCNs issued to any vehicle, other than buses, waiting in a restricted bus stop will be enforced.

Caravans and Trailers

Caravans and Trailers not attached to motor vehicles and parked in contravention of a Traffic Regulation Order should be reported to the back office for passing to the appropriate section as soon as possible.

Motor vehicles with caravans or trailers attached should ensure that parking causes no obstruction to other road users and where applicable sufficient Pay & Display parking tickets should be purchased to cover all bays occupied

Care Organisations

Numerous care organisations are now operating as a result of contract arrangements with Social Services and the Local Health Authority as well as privately arranged care. Each will often display badges issued by the various organisations but, due to the variety of badges in circulation none are recognised by the partners as valid authority to park on-street or in public car parks.

1. Parking in Council Car Parks: It is not felt that there is a need for carers to park within Council car parks free of charge. Consequently permits are not issued for this purpose.
2. Parking on Yellow Lines: Carers are not exempt from yellow line restrictions and must not contravene them. No dispensation will be given to carers to enable them to park on a yellow line except in a medical emergency in which case the PCN may be cancelled after consideration of the evidence available.
3. Individual partner authorities may have specific agreements in place and any PCN issued will be considered on the basis of these agreements.

Cars for Sale/Hire

Vehicles parked on the highway for the purpose of being sold, or for hire, will be subject to the same restrictions as any other vehicle. CEOs will deal with vehicles for sale in the same way as any other vehicle parked in contravention of the TRO and will issue a relevant PCN. Any challenge against the issue of a PCN to a vehicle parked in contravention of a TRO for the purpose of the vehicle being sold or hired will be rejected.

Challenges/Representations Accompanied by Payment

Where members of the public submit a payment and enclose a letter challenging the PCN and seeking redress, the WPPP will always consider the challenge.

If the challenge is unsuccessful the payment will be returned explaining why the challenge is unsuccessful and that the PCN cannot be formally challenged until after the issue of an NtO. Another 14 days to pay the discounted penalty charge will be offered.

CEOs' Pocket Book/Notebook

The CEOs maintain a separate pocket book in which they note daily details of their patrols, PCNs issued etc. These books are kept in addition to any details entered into the handheld computers. They will be made available to the adjudicators in the event of a PCN being challenged through the independent adjudication process and will also assist the investigation of any challenge or representation received by the enforcing authority.

Clamping & Removal

The Council have the power to clamp and subsequently remove vehicles parking in contravention of parking restrictions. However, it is not the intention, at this time, to carry out clamping or removal although this decision may be reviewed in the future. This power to clamp and remove vehicles is incorporated within the relative Traffic Regulation Orders.

Complaints against CEOs

Allegations that a CEO has made an error whilst issuing a PCN will be investigated under the normal representations or challenge procedures and a formal written notice of acceptance or rejection will be sent within the stipulated timescale.

Any allegation of misconduct or rudeness made against a member of the enforcement staff will be investigated and dealt with in accordance with the Council's Disciplinary Policy. The findings of the investigation will be communicated to the complainant, in writing, within the stipulated timescale. Should the findings not be acceptable to the complainant advice of how to invoke the Council's Formal Complaints Procedure will be given.

Council Officers & Members on Duty

All council officers and members on duty are expected to fully comply with on-street parking regulations:

1. Staff or Members carrying out their official council duties will be expected to comply with any relevant parking regulations. Failure to comply will result in a PCN being issued.
2. staff and Councillors must comply with any local instructions regarding car parks and any Pay & Display requirements.
3. Request for Cancellation of PCN: This will only be considered in case of emergency and must be supported by written confirmation from the relative Corporate Director.

Court Attendance – Jury Service, Witness or Defendants

The length or timing of any court hearing or trial cannot be guaranteed and often Jury members and/or witnesses find that they are unable to leave court to purchase further pay & display time in a car park or to move their car. The courts will not pay any PCN issued to a witness or Jury member whilst carrying out their legal duties even if they are delayed by the court.

In such circumstances the Council will enforce PCNs against the owner unless evidence is produced to support the fact that they were delayed to an extent that could not have been reasonably foreseen e.g. moved to a hotel overnight.

The conditions applying to Jury Members and Witnesses equally apply to defendants. However, there have been instances when a defendant has unexpectedly been given a custodial sentence and, as a direct result, is unable to remove his/her vehicle from a Council car park or limited parking bay.

In such instances the Council will expect that the vehicle will be removed, as soon as is reasonably possible, by the defendant's family, friends or legal representatives. Any PCN issued will not be enforced providing supporting evidence is supplied by the defendant's legal representative.

Dental/Doctors Appointments

If the claim is made that, due to a delay in the appointment time or that treatment took longer than anticipated and this resulted in a PCN being issued for overstaying the parking time allowed, consideration should be given to the validity of the claim. Such claims should be supported by written confirmation from the dentist or doctor that the delay was caused for reasons outside of the driver's control.

However, the Council must be satisfied that the driver allowed long enough when deciding where to park or when purchasing a ticket for normal delays experienced whilst attending such appointments.

Description of Vehicle – On PCN

When issuing a PCN the CEO will note the make, colour and registration number of the vehicle, which will appear on the PCN. He/She may also note other details such as tax disc number (when present) and positions of tyre valves, which will form part of the supporting records.

1. **Tax Disc Number:** The one thing that is unique to the vehicle is the tax disc number, which may be recorded by the CEO at the time of the PCN issue. If these match then the Council have good grounds to pursue the PCN irrespective of any other error regarding colour or make.
2. **Incorrect colour:** If the colour is incorrectly recorded consideration may be given to cancellation of the PCN as follows:
 - a) **Widely differing Colours:** A blue car recorded as red car can obviously not be explained, and consideration should be given to cancellation of the PCN. This error may, however, indicate a re-spray not advised to DVLA. If the colour recorded by the CEO is backed up by photographic evidence taken at the time of the alleged contravention, we will proceed with enforcement, even if DVLA records show a different colour for the vehicle.
 - b) **Similar Colours:** Similar colours are often mistaken for each other especially in poor light. Many metallic colours can be seen differently by different people i.e. Silver as Blue, Black as Grey. Solid colours such as white differ widely from model to model and can be seen as Cream. Many blues can be seen as green and vice-versa. Where there is a close relationship between the colours then the PCN should be pursued.
3. **Incorrect make:** The CEO will check the tax disc of the vehicle before issuing a PCN. This should show the correct make of vehicle. If a subsequent tax disc check is irreconcilable we may consider cancelling the PCN.

Dispensations & Suspensions

DISPENSATIONS: The following vehicles will receive automatic dispensation from waiting restrictions:

- Police, Fire, Rescue Services (including RNLI & Coastguard) and Ambulances **but only whilst attending emergency situations.**
- Vehicles involved in contracted Highway Maintenance or Public Utility work **where there is a need for them to be parked adjacent to the site.**
- Liveried Council vehicles carrying out statutory duties such as **Refuse Collection, Street Cleansing and verge maintenance.**
- Vehicles displaying valid Blue Badges (see appropriate section on Disabled Drivers/Passengers).

Dispensations may be granted for other reasons.

SUSPENSIONS: Designated parking bays, on or off-street, may be suspended.

Full guidance on dispensations and suspensions (what they will be granted for, how to apply etc) can be found by contacting the authority concerned.

Requests for suspension of bays in off-street car parks need to be discussed with the relevant Council; a charge for the suspension may be made.

Drivers/Passengers with disabilities

See Blue Badges.

Dropped Kerbs

Powers granted by the Welsh Government enable Councils to issue a Penalty Charge Notice to vehicles parked adjacent to a Dropped Kerb without the need for traffic signs stating a restriction for these contraventions.

Parking across dropped kerbs is both inconsiderate and potentially dangerous to pedestrians. Where cars are parked in areas where the footway has been lowered (or carriageway raised) to assist pedestrians and access to properties, we will consider taking action.

What does parked at a dropped kerb mean?

A vehicle parked at a dropped kerb will have parked on the carriageway or footway next to a place where the footway, cycle track or verge has been lowered to the level of the carriageway.

Are there any exemptions to dropped kerb parking?

Yes - alighting from a vehicle; vehicles used by the fire, ambulance or police services while on active duty; where continuous loading or unloading is taking place; vehicles used for waste collection, building works or road works; vehicles parked outside a driveway to residential premises with the occupier's consent (it is illegal for the owner of a driveway to 'rent out' space on the public highway across the driveway entrance and these drivers would not be exempt); and vehicles parked outside a shared driveway to residential premises by, or with the consent of, residents at those premises.

I am a Blue Badge holder, does this apply to me?

Yes - the Blue Badge is not a license to park anywhere; dropped kerbs are often installed to assist access for pedestrians who have restricted mobility.

Double Parking

Drivers are not permitted to park their vehicles more than 50 centimetres away from a kerb when the vehicle is not within the markings of a designated parking space. This contravention is more commonly known as double parking. Vehicles parked in this manner cause inconvenience and unnecessary danger to other road users by obstructing the carriageway. Vehicles parked in such a manner will be issued a PCN by the CEO.

New powers granted by the Welsh Assembly Government enable Councils to issue a Penalty Charge Notice to vehicles Double Parking without the need of traffic signs stating restriction for these contraventions.

Double parking applies when a vehicle is parked on any part of the carriage way, and no part of the vehicle is within 50cm of the edge of the carriageway (unless wholly within a bay).

Are there any exemptions to double parking?

Yes - vehicles which are parked wholly within a designated parking place or any other part of the carriageway where parking is specifically authorised; vehicles used by the fire, ambulance or police services while on active duty; where continuous loading or unloading is taking place; and vehicles used for waste collection, building works or road works

Drink Driving or Other Arrest

If the driver of a vehicle has been arrested and, as a direct result, has been forced to leave the vehicle in contravention of an on-street parking restriction any resultant PCN should not be enforced unless the driver has had ample time to safely remove the vehicle after his/her release from custody. (In the case of drink driving a period of at least 12 hours should be allowed for safe removal of the vehicle).

In all cases of arrest claims the driver should be asked to provide date, time and evidence of arrest including custody number, officer and Police Station involved.

Dropping Off - Picking Up Passengers

Except on designated clearways and zig-zag (schools and pedestrian crossing) restrictions, any vehicle will be allowed a reasonable amount of time to drop-off or pick up passengers irrespective of any on-street waiting or loading restriction in force.

As long as the CEO witnesses dropping off or picking up activities a PCN will not be issued. After 5 minutes of inactivity a PCN will be issued.

When considering the cancellation of PCNs special consideration will be given to Hackney Carriages or Private Hire Vehicles may need additional time to announce their arrival and accept payment.

Emergency Duties

1. **Local Authority Livered Vehicles** will be exempt from parking restrictions when actively dealing with an emergency on the highway. However, these vehicles should not be parked in a way that will cause an obstruction to other road users and pedestrians.
2. **Medical Emergency:** Doctors, nurses, midwives engaged on emergency duties are, wherever possible, expected to park legally in accordance with local restrictions. Should a PCN be issued it will be cancelled only upon evidence of the emergency being provided. Regular or programmed visits will not be considered an emergency.
3. **Non-Livered Vehicles** such as private vehicles being used by the County Council Highways Department, RNLI, Coastguard and Cliff Rescue Members are expected to park legally in accordance with local restrictions. Should a PCN be issued it will be cancelled only upon evidence of the emergency being provided. Regular or programmed visits will not be considered an emergency.

Enforcement Agents (formerly known as Bailiffs)

Enforcement Agents, as agents of the court, are court officers. Of the many functions they perform, executing warrants is one that is likely to concern us most. These are court orders for the collection of money and/or goods of sufficient value to produce the required amount. For this purpose the Enforcement Agent will always have an appropriate vehicle nearby.

For their other activities they do not need a vehicle nearby, e.g. If they are serving a summons or warrant (not enforcing it). In such circumstances they would be expected to comply with parking restrictions.

When they are taking goods or high values in cash, we can exercise discretion where it appears reasonable to do so. Enforcement Agents are not exempt from legislation however, and an official badge or permit should be displayed on the vehicle and, further, the act of loading/unloading should be observed as taking place. Once goods have been seized the Enforcement Agent is required to list them prior to leaving the premises and this could legitimately take some time. In such circumstances we should ask for a warrant number, identification and confirmation of the nature of goods being seized before the PCN is cancelled.

Estate Agents

Estate agents are not exempt from parking restrictions and PCNs will always be enforced.

Exempt Vehicles

The following vehicles are considered to be exempt from parking restrictions whilst attending emergencies:

1. Fire and Rescue Services Vehicles (including private vehicles where the vehicle is being driven by emergency services personnel such as Lifeboat Personnel and Retained Firefighters)
2. Marked Police Vehicles
3. Ambulances.

The following vehicles are exempt in the circumstances described:

1. Vehicles that at the relevant time are being used or appropriated for use by HM forces.
2. Vehicles that belong to, or at the relevant time are being used or appropriated for use by visiting forces (such as the United States Visiting Forces).
3. Local Authority Vehicles (or those of their contractual agents), whilst being used to carry out statutory and common law duties and powers (i.e. Refuse Collection, Street Cleansing, Highway Maintenance), or whilst carrying out duties that require the vehicle to be in close proximity (i.e. Verge Grass Cutting), including CEO Vehicles.

4. Post Office and other vehicles engaged in the delivery of postal packets (i.e. Courier companies such as UPS). – This does not include private vehicles used by postmen/women whilst carrying out letter deliveries. The Council will expect such vehicles to be parked in compliance with any parking restriction.
5. Electricity Board, Gas Board, Water Authority, British Telecom or other telecommunications (and/or their appointed contractors), whilst actively laying or undertaking repairs to pipes, cables or other apparatus in the highway.
6. Vehicles involved in building, excavating and demolition work whilst lawfully and actively engaged on those duties in the highway.
7. Vehicles with pumping systems on-board whilst lawfully and actively using the pump system on the highway.

Fire-fighters on Call

'Fire-fighter on Call' placards are often issued to Fire-fighters to display in their own private vehicles. The placard is meant to be a way of informing members of the public that the vehicle belongs to a fire-fighter and that the vehicle should not be obstructed in case the driver needs to report on duty at a nearby fire station. This however, does not allow the vehicle to park in contravention of any parking regulations, and any PCNs issued to vehicles displaying these placards will be enforced.

Footway Parking

Parking partially or wholly on a footway should not take place unless signs permit it.

Driving on the footway and obstruction of the footway are endorsable offences and may be enforced by the Police.

Most waiting and loading restrictions cover the relevant half of the highway – Centre line to boundary and this includes all footways and verges. A PCN will be issued for contravention of the restriction even if the vehicle is parked wholly behind the yellow line(s).

The following vehicles are exempt from any such prohibition only under the circumstances indicated:

- Marked Vehicles used by Police, Fire and Rescue Service and Ambulance services whilst carrying out emergency duties.
- Vehicles used for Street/Street Light cleaning and Refuse Collection providing that they are actively involved in the function.
- Vehicles actively involved in works or maintenance of highway or public utilities.

PCNs may also be issued as follows

- HGVs parked on the footway.
- Where a Traffic Regulation Order (TRO) specifically restricting parking on a footway exists.

Funerals & Weddings

PCNs will not be issued in the case of:

- Funerals – For the hearse and cortege vehicles.
- Weddings – Bridal Vehicles.

It should be noted however that vehicles belonging to mourners or wedding guests that are not actively involved in a funeral or wedding will not be able to park in contravention of any parking restriction. Any PCN issued to vehicles associated with a funeral or wedding, however, should be considered with due respect.

Garages – Vehicles Left Unattended

When a garage employee parks a vehicle on a highway, in contravention of a parking restriction, whilst maintenance of the vehicle is being carried out (i.e. to facilitate vehicle movement within the workshop) any PCN issued will be the responsibility of the vehicle owner. Garages have no right to utilise the highway in such a manner and PCNs should always be enforced in such cases.

Glaziers

Claims from glazier companies that a vehicle needed to be parked close to the location of an emergency repair should be treated leniently providing it is confirmed, from the CEO's notes, that such activity was taking place at the time of the issue of the PCN. PCNs will not be cancelled when issued to vehicles that are not actively involved in the work.

Hackney Carriages/Private Hire Vehicles (PHVs)

Any Hackney Carriage or Private Hire Vehicle operating within the County are licensed by the relevant Council and carry a numbered license plate that must be displayed on the rear of the vehicle (This plate must include the number of passengers to be carried, the index Number and the L.A Vehicle licence number).

There is a distinct difference between Hackney Carriages and Private Hire Vehicles (PHV). PHVs are not allowed to ply or stand for hire on the Public Highway or display a "TAXI" sign or any sign which may make the vehicle appear to be a hackney carriage.

Hackney Carriages licensed by local authorities are not allowed to ply for hire within another local authority area.

Hackney Carriages and PHVs, like all vehicles, may stop to allow passengers to board or alight for as long as is reasonably necessary for the purpose. It is not an exempted activity to assist passengers into premises and to leave the carriage unattended but all drivers are obliged to ensure the safety of persons conveyed in or entering alighting from their vehicle.

If a licensed Hackney Carriage or PHV is left unattended for more than 10 minutes on a rank it is liable to receive a PCN. When considering representations it should be borne in mind that when a Hackney Carriage or PHV is called to an address to pick up passengers the driver should be allowed time to announce his/her arrival. Any vehicle, including a Hackney Carriage/PHV, parked **outside of a rank** and in contravention of a parking restriction will be issued with a PCN

(See also Taxi Ranks)

Hatched Markings in Car Parks

Hatched markings are placed on the surface of the car park to indicate an area where parking or waiting is not allowed. Vehicles seen to be parked, or waiting on hatched markings within a car park will be issued with a PCN.

Hazardous Chemicals/Substances

Claims by companies that toxic or dangerous substances were being delivered or collected from premises and, as a result, a PCN was issued to the vehicle being used should be given careful consideration. If the PCN was issued for contravention of a no waiting restriction it can be established from the CEO's notes whether the activity of loading was taking place. If no loading activity was taking place the PCN should be enforced. There is no reason, in this case, to differentiate between toxic and non-toxic deliveries as it is the driver's responsibility to ensure that the vehicle is moved immediately after the loading/unloading activity is complete. (See definition of Loading/Unloading). Ideally if there are serious Health and Safety concerns the authority should be notified prior to the delivery.

If the PCN was issued for contravention of a no loading restriction then, once again, the CEO's notes should be viewed to establish whether the loading activity was taking place. If so then serious consideration should be given to the cancellation of the PCN in view of the Health & Safety of the public. Any such representation should be accompanied by documentary evidence showing the nature of the goods being delivered.

Hiring Agreement

It is within the legislation that, in the case of a hired vehicle, responsibility for a PCN is that of the hirer of the vehicle at the time. Consequently, in this case, the responsibility does not rest with the registered owner, the Hire Company, providing they make formal representation to the Council once the Notice to Owner is received.

This representation must be accompanied by a copy of the relative hire agreement. In all cases this agreement must clearly state: The name and address of the hirer, the start and finish dates for the hire period and the hirer's signature. It must also include a statement regarding the hirer's liability for any PCNs incurred during the hire period.

Should any of the foregoing be unclear, absent or in contradiction of the date/time of issue of the PCN then the PCN will be enforced against the Hire Company and a notice of rejection of the representation sent to them with the reasons clearly stated therein.

Holidays

Vehicles are often left parked in one place whilst the owner is away on holiday. In such cases a PCN could be issued for being parked in a suspended on-street parking place or for failing to display a valid Visitors permit in an on-street residential parking zone:

Suspended Bay:

- The Council has the power to suspend parking within a designated parking bay to allow access by a specific vehicle or highway/bay maintenance to be carried out. In such cases advance notice is placed alongside the bay and is distributed to nearby properties giving the date, times and length of the suspension.
- If these notices are posted and distributed after the owner departed on holiday then any PCN issued should be cancelled. Evidence must be provided showing departure date and time (i.e. Flight tickets etc.). This should be compared with records relative to the display and distribution of the notices. In essence the Suspension cannot operate retrospectively.

Residential Zone parking using a Visitors Permit:

- It is sometimes the case that friends, holidaying together, will use one vehicle and the second vehicle is parked for the duration of the holiday. This occasionally results in a vehicle, belonging to a non-resident, being left in a Residential parking zone displaying a visitor's permit.

- Visitor's permits are designed for genuine visitors to a resident's property, must be clearly displayed and valid for the time of observation. Display of permits completed in advance is considered to be invalid and PCNs will be issued for this reason.
- The Council considers these vehicles belong to people who are not genuinely visiting the residential property and, therefore, the PCNs will be enforced.

Intervention in Challenge & Representation Processes by Members and other Officers

The process of dealing with challenges and representations against the issue of PCNs is well documented and will be carried out in a fair, unbiased and equal manner. These procedures include the ultimate right of all appellants to refer the matter to an independent arbitrator (Traffic Penalty Tribunal). To preserve the integrity of these procedures they will be managed and carried out by WPPP in consultation with each authority's Parking Management and no undue external pressure shall be brought, by either members of the Council or other senior officers, designed to unduly influence the decisions by virtue of their position alone.

Legislation

The statutory acts governing parking enforcement are: The Traffic Management Act 2004 and The Road Traffic Regulation Act 1984. If a driver is querying the legislation it should be explained to him/her in simple terms. There is no need to supply specific reference unless especially requested.

When such a request is made the Council will make reference to specific, relevant paragraphs and will quote them verbatim within any correspondence. The Council will not supply full copies of the relevant acts, which can be obtained from the HMSO or, in the case of the 2004 act, accessed via the internet.

If the owner is querying the authority behind a specific restriction then reference should be made to the relevant Traffic Regulation Order, held by the authority concerned. Prior to any correspondence with the owner this order should be checked to ensure the validity of the PCN. If any doubt exists then the PCN should be cancelled and the decision communicated to the owner. No legal advice will be given.

Loading/Unloading

Vehicles will be permitted to park in contravention of waiting restrictions, including Resident Parking Zones, whilst carrying out the legitimate activity of Loading or Unloading provided:

1. Loading/Unloading involving the vehicle is observed by the CEO whilst the vehicle is parked. The observation period shall be for at least five minutes for a private vehicle and 10 minutes for a commercial vehicle, and a PCN shall only be issued if no activity is seen during this period.
2. The goods being delivered or collected comply with the definition of goods (please see 'Definitions' below).
3. 10 minutes will be allowed for the driver of a goods vehicle to complete delivery paperwork.
4. Where a PCN is issued, a representation will be considered if supported by evidence confirming that the driver was delayed or was involved in moving heavy goods.

See also "Goods Definition of" when related to Loading/Unloading

Location – Incorrect

When a PCN is issued the location of the vehicle is stated on the PCN itself. If this is recorded incorrectly then this is deemed to be a material error and the PCN will be cancelled.

Lost Keys

Where it is claimed that car keys have been lost, stolen or locked in a car thus preventing removal of the car from a parking area which in turn resulted in the issue of a PCN, then due consideration should be given to its cancellation. When considering this the representation should be accompanied by any supporting evidence from the police, motoring organisations or relatives. The following should also be considered:

- If the vehicle was parked in a pay & display car park, did the loss of the keys prevent purchase of additional parking time?
- If the vehicle was parked on a yellow line, should it have been parked there in the first place?

Medical Emergencies

If the motorist provides proof of a medical emergency, that is consistent with the conditions described or, if the CEO has made notes to support the motorist's representation, we may accept the representation and cancel the PCN. If the motorist cannot provide some proof of a medical emergency, consistent with the conditions described or, where other evidence contradicts the motorist's claim we may reject the representation. Each case will be treated on its individual merits and will take any previous PCNs issued to the same vehicle owner into account.

Mis-Spelling Of Owner's Name

The mis-spelling of the owner's name and/or address on the Notice to Owner does not invalidate it or discharge the liability of the person receiving it. The onus is still on the genuine owner to deal with the matter. Such names and addresses are, in most cases, obtained from the DVLA and are supplied by the owners themselves. It is also incumbent upon the owner to ensure that these are correct. If any mis-spelling is discovered then alterations must be made immediately to ensure that future notices are sent out correctly. When the mis-spelling is severe and is radically different from the correct spelling consideration should be given to the cancellation of the PCN.

Mitigating Circumstances

Each case will be treated on its individual merits and particular circumstances are referred to elsewhere within this document. However, the following are a few guidelines:

1. DELAYS: Delays due to queues at shops, banks etc., meetings taking longer than expected, caught up in crowds etc., are not considered as valid reasons to cancel a PCN. Allowance should be made for such delays when purchasing parking time as they are a regular occurrence and part of normal life. (See emergencies below).
2. CHILDREN/ELDERLY PEOPLE: Claims are often made by people, accompanied by young children or elderly people, that they were delayed because of them. Again this should not be considered as a reason to cancel a PCN because allowance should be made for this when purchasing parking time. (See emergencies below). Claims that PCNs issued whilst children were being dropped-off or collected from schools etc., should not be cancelled unless a reasonable amount of time was not allowed by the CEO. The normal 5 minute observation period should be enough time in such circumstances.
3. EMERGENCIES: An emergency is an unforeseen situation that prevented the driver from moving his/her vehicle. They are usually of a medical nature and leniency should be exercised where it can be seen that the driver could not have foreseen the situation. Wherever possible such claims should be supported by independent evidence.

Mobile Phones

The driver of a vehicle that is parked in contravention of any parking regulation whilst using a mobile telephone will only be allowed the relevant observation period in order to complete their call prior to the issue of a PCN. The relevant observation period is dependant on the parking contravention being committed, and the type of vehicle – whether it is a private or commercial vehicle. See ‘**Standard Contravention Codes and Observation Times**’

Motorcycle Bays

These are not mandatory bays but are exemptions to the normal restrictions either on street or in car parks. Consequently any vehicle, other than a motorcycle, parked in such a bay is parked in contravention of the surrounding restriction, not for being parked in a motorcycle bay.

Motorcycles may park in designated motor cycle bays free of charge (if indicated). If parked in a car space the relevant car fee must be paid and the P&D ticket retained by the rider (if there is no means of displaying the P&D ticket on the motor cycle).

Motorist Claims of Feeling Unwell

If the motorist provides proof of a medical condition, temporary or permanent, that is consistent with the conditions described or, if the CEO has made notes to support the motorist’s representation, we may accept the representation and cancel the PCN. If the motorist cannot provide some proof of a medical condition, temporary or permanent, consistent with the conditions described or, where other evidence contradicts the motorists claim we may reject the representation. Each case will be treated on its individual merits and we will take any previous PCNs issued to the same vehicle owner into account. See “**Medical Emergencies**”

Motorist Not the Owner/Keeper, or Had Sold the Vehicle at the Time of the Contravention

We may accept representations made against the issue of a PCN if:

- The current registered owner is able to provide proof that the vehicle was disposed of before the contravention, i.e. a bill of sale, registration documents, insurance documents or a letter from the DVLA; and/or
- If the current registered owner is able to provide the full name and address of the person to whom they disposed of the vehicle along with the date of disposal.
- If the current registered owner is able to provide proof that the vehicle was purchased after the contravention, i.e. an invoice, registration documents, insurance documents or a letter from the DVLA; and/or
- If the current registered owner is able to provide the full name and address of the person from whom they purchased the vehicle along with the date of purchase.

Notice of Rejection or Acceptance of Formal Representation

Within 10 working days of receipt of a formal representation from the owner of the vehicle the Council will endeavour to send out a written Notice of Acceptance or Rejection:

- Notice of Acceptance: This will confirm that the representation has been accepted and that the person’s liability for the PCN has been cancelled.
- Notice of Rejection: This formally rejects the representation and gives detailed reasons why the Council have come to this conclusion. The rejection is also accompanied with the necessary forms and instruction on how a further representation can be made to the independent Traffic Penalty Tribunal. – This representation must be made within 28 days of receipt of the notice of rejection.

Observation Period – Prior To Issue Of PCN

Prior to the issue of a PCN the CEOs will, for most contraventions, allow a period of at least 5 minutes to elapse between first observing the vehicle illegally parked and the issue of the PCN. The details of the vehicle will be entered into the CEOs Hand Held Computer (HHC) when first seen and the computer will prevent issue of the PCN within 5 minutes of that time.

The CEOs will be able to continue with their patrols, as long as the contravening vehicle is kept in view, and then return to the contravening vehicle. The observation time and the PCN issue time may appear on the face of the PCN itself and will be recorded by the enforcement software system.

Pay & Display Ticket Machines – Did Not Realise There Was One There

Claims from owners that they did not see or realise that they had to use a meter or pay & display machine should be dismissed providing that they are clearly sign posted.

Pay & Display Ticket Machines – Not Working

Where it is claimed that a machine is not working then reference must be made to the maintenance records and the CEOs notes (machines are checked before every patrol). If it is confirmed that the machine was not working at the time then consideration will be given to cancelling the PCN. If there was an alternative machine in working order, and in close proximity, then it is reasonable to expect the driver to use this machine.

Pay & Display Tickets

Most of the Council's car parks operate as pay & display. Pay & Display requires the purchase of a ticket at the time of parking for the amount of time required. All tickets display the expiry date and time on them along with the fee paid and car park. The car park fee tariff is clearly displayed adjacent to each machine. Pay & Display Tickets must be:

1. Clearly displayed whilst the vehicle is parked.
2. For the date shown.
3. Un-expired.
4. For the car park indicated
5. For the vehicle indicated – where applicable.

PCNs will be issued for:

1. Failing to display a valid ticket.
2. Displaying a ticket that has expired.

Representations made because the driver failed to correctly display a valid ticket even though one was held will not be allowed as it is incumbent upon the driver to ensure that the ticket is clearly displayed throughout the time that the vehicle is parked. Representations made because the driver did not have change will not be allowed.

For the avoidance of doubt correctly displayed means that the pay and display ticket must be displayed face up inside of the windscreen so that all of the information printed on the ticket covering arrival/departure times and amount paid are clearly visible through the front windscreen.

Representations made because of delays returning to the car park will be dealt with in accordance with 'mitigating circumstances' above.

Penalty Charge Notice - Early Issue Of

Claims that a PCN was issued before the time that a contravention is deemed to have been committed requires careful investigation. The issue of PCNs is controlled by handheld Computers carried by each CEO. These computers have in built clocks, which are calibrated each morning prior to commencement of the patrols. Where appropriate the CEO will impose an observation period prior to allowing a PCN to be issued. These times will appear on the PCN itself as "Time First Seen" and "Time of Issue". The computer system will prevent any subsequent alteration to these times. The normal procedure is for a CEO to enter the observation details into the computer, then to continue with his/her patrol before returning to the vehicle to complete the issue of the PCN. In most cases a minimum of five minutes must be allowed between observation and issue – unless the contravention merits an instant PCN.

Penalty Charge Notice – Incorrect Vehicle Location

Claims from a motorist that their vehicle was not parked in the location at the time and on the date alleged on the PCN requires careful consideration.

Following consideration of all available evidence we may accept representation against the issue of a PCN if:

- The motorist provides a copy of their vehicle excise licence (tax disc), which was valid at the time of the contravention, and the serial number of which differs from the serial number noted by the attendant.

The representation may be rejected if:

- The photographic evidence obtained by the CEO at the time of the contravention proves that the vehicle was parked in the location specified on the PCN.
- The motorist does not provide a copy of their tax disc, after being given a further opportunity to submit such a copy.
- The serial number on the copy tax disc provided by the motorist is identical to the serial number noted by the CEO.
- If there is no evidence or if the evidence presented does not support the claim or is inconclusive.
- There have been previous unsubstantiated claims made by the same individual.

Penalty Charge Notices – Removed from Vehicle/Not Received

It is an offence under the Traffic Management Act 2004 for any unauthorised removal or interference with a Penalty Charge Notice once it has been affixed to a vehicle.

Claims from the registered owner of the vehicle that a PCN was not received will require careful consideration. This is because the CEOs will gather photographic evidence at the time of the contravention to prove that the PCN was affixed to the vehicle.

If we receive correspondence claiming that the PCN was not received, we will examine the evidence recorded by the CEO. If it is accepted that the PCN was not received we will write to the registered owner of the vehicle to inform them that if the PCN is paid within 14 days of issue of this letter, the PCN rate will be discounted by 50% and £35 or £25 (depending on the contravention) will be accepted in full settlement. If the PCN remains unpaid after 14 days it will be dealt with via the normal PCN Recovery System.

When it is claimed that the PCN was not received the notice processing system will be interrogated to ensure that previous such claims have not been made by the same person. If there is a history of such claims the discounted period should not be restarted and the full amount paid.

Penalty Charge Notices – Time to Pay/Instalment Payments

As a general rule the Council will not enter into instalment payment arrangements. Exceptions to this are only made in cases of demonstrated, genuine financial hardship. **The Council will not consider such arrangements at the discounted penalty stage** – or if a warrant has been issued for recovery of the amount due although the Enforcement Agent may enter into such an arrangement.

- Application must be in writing and will be responded to within 8 working days.
- The application must contain proposal for payment and be accompanied by any evidence supporting the claim of financial hardship.
 - Where the debt involves multiple PCNs the Council will expect the settlement of at least one per month
 - Payments will be applied to the oldest PCN first thereby preventing the payment of discounted PCNs first
 - Non-payment of any arrangement will result in enforcement action being recommenced
 - The Council maintains a separate active file for each arrangement reached, which is reviewed by a supervisor each month.

Penalty Charge Notice – Vehicle Driven Away Prior to PCN Being Served

If the CEOs pocket notebook and computer notes confirm that the vehicle drove away after the issue of the PCN had begun, i.e. whilst details were being noted, but before the PCN could be served, i.e. handed to the driver or affixed to vehicle, the PCN will be served on the owner of the vehicle by post after obtaining the owner details from the DVLA.

Penalty Charge Rate

The PCN rates have been set at £70 and £50, dependant on the type of parking contravention committed. Any increase will only be possible by guidance from the Assembly Government and will require proper advertisement prior to introduction. If paid within 14 days of issue the PCN rate is discounted by 50%, and £35 or £25 (depending on the type of contravention) will be accepted in full settlement.

Permits (or Passes) In Car Parks

Permits are issued by the appropriate authority car parks administrative staff and *may* include various types:

- Long Stay Car Park Permit – valid for specified long stay car parks in the authority area. They do not guarantee the user a space and may **NOT** entitle the holder to free parking at any **other location**.
- Seasonal Car Park Permit (Beach Car Parks)
- Contract/Reserved – valid for a specific numbered space in a named car park.
- Special Event Permits/Tickets – these are used on rare occasions and will denote the car park in which they are valid, dates of validity and the event being held.

See “Residents Parking”

Plumbers, Electricians, Gas Fitters

Emergency call out: An emergency is considered to last as long as it takes to make the premises safe i.e. turn off the main supply. After which, any vehicle should be moved to a permitted parking place before any subsequent repairs are undertaken.

Police Officers on Duty

PCNs should not be issued to marked police vehicles when on official duty. Requests for cancellation of any PCN issued to an unmarked police vehicle must be made by the officer's area Inspector or equivalent. They should contain confirmation that the officer was on official business and that it was inappropriate for the vehicle to be parked elsewhere.

PCNs issued to unmarked police vehicles regularly parked outside of a police station will not automatically be cancelled as this can be deemed to be parking at a place of work and therefore, no different from any other employed person.

Police Officer/CEO Gave Permission To Park

Where details of the officer concerned are given, confirmation should be sought prior to cancellation of the PCN. Where these details are not given then the PCN will be enforced unless they are supplied subsequently.

A CEO will not be permitted to allow people to park in contravention of any parking restrictions.

Pregnancy – Parents with Young Children

Generally pregnancy is not considered to be a disability and delays caused by young children will not normally lead to the cancellation of a PCN. However, this is a sensitive area and each case will be treated on its merits. i.e. if the delay was short (up to 10 minutes) or was caused by a minor medical emergency, child being sick or pregnant women feeling unwell, leniency may be shown. If the delay was caused by the parent not allowing additional time enough to deal with young children or her own condition, both of which they are fully aware of, then the PCN should be enforced.

Previous Records of Parking Contraventions

All parking contravention records are stored within a computer system. All records of previous parking contraventions committed by vehicle owners will be reviewed before making any decision on representations received.

Public Service Vehicles (PSVs)

In service PSVs may stop anywhere to allow passengers to board the vehicle (unless there are specific exemptions in place)

Out of Service PSVs are not permitted to park in contravention of any restrictions and will be treated the same as any other vehicle.

Touring Coaches are permitted to park in order to allow passengers to board/disembark the vehicle. However, they are not permitted to park in contravention of any restriction for any length of time prior to, or after, passengers have boarded/disembarked.

Public Utility Vehicles

See "Emergencies Duties" & "Exempt Vehicles"

Registered Owner Liability

The following extract from the Traffic Management Act 2004 outlines who is responsible for paying a penalty charge once issued:

Person by whom a penalty charge is to be paid

- (1) Where a parking contravention occurs, the person by whom the penalty charge for the contravention is to be paid shall be determined in accordance with the following provisions of this regulation.
- (2) In a case not falling within paragraph (3), the penalty charge shall be payable by the person who was the owner of the vehicle involved in the contravention at the material time.
- (3) Where—
 - a) the vehicle is a mechanically propelled vehicle which was, at the material time, hired from a vehicle-hire firm under a hiring agreement;
 - b) the person hiring it had signed a statement of liability acknowledging his liability in respect of any penalty charge notice served in respect of any parking contravention involving the vehicle during the currency of the hiring agreement; and
 - c) in response to a notice to owner served on him, the owner of the vehicle made representations on the ground specified regulation 4(4)(d) of the Representations and Appeals Regulations and the enforcement authority accepted those representations,

The penalty charge shall be payable by the person by whom the vehicle was hired and that person shall be treated as if he were the owner of the vehicle at the material time for the purposes of these Regulations.

In this regulation—

- “hiring agreement” and “vehicle-hire firm” have the same meanings as in section 66 of the Road Traffic Offenders Act 1988; and
- “The material time” means the time when the contravention giving rise to the penalty charge is said to have occurred.’

Residents’ Parking (On-Street)

RESIDENTS’ PERMITS:

- A resident’s permit must be clearly displayed on the windscreen of the vehicle. Permits are only valid in the zone/street indicated on the permit, for the registration numbers and until the expiry date printed on its face.
- Failure to display a resident’s permit when required is a contravention and will result in a PCN being issued which will not be cancelled unless there are mitigating reasons why the permit was not displayed.
- Use of a permit in a zone/street other than those specified on the permit, or after its expiry date is also a contravention for which a PCN will be issued. Again the PCN will not be cancelled unless there are mitigating circumstances that account fully for the contravention.

VISITORS' PERMITS:

- Visitors' permits are obtained by residents and issued to genuine visitors to their homes. Full instructions on how to use and display them are supplied with the permits. Permits are valid only within the zone(s)/street(s) for which they are issued.
- Failure to display a visitor's permit when required is a contravention and will result in a PCN being issued, which will not be cancelled unless there are mitigating reasons why the permit was not displayed.
- Use of a permit within another zone/street, on a vehicle other than that indicated on the permit and on a date other than that indicated on the permit is also a contravention for which a PCN will be issued. Again the PCN will not be cancelled unless there are mitigating circumstances that account fully for the contravention.

LIMITED WAITING

- In some residents' parking zones/streets, other vehicles can be parked for a limited time. The signs in these areas should be checked for the permitted duration.
- Vehicles exceeding this duration and not displaying a permit will be issued with a PCN.

Road Signs/Markings – Missing, Obscured or Broken

1. Yellow Lines:
 - a) Where it is claimed that a yellow line(s) is worn away or has been covered by a highway repair the area will be inspected and remedial work undertaken as soon as practicable. However, this will not guarantee cancellation of a PCN.
 - b) Where weather conditions have obscured the lines (e.g. snow or wind-blown sand) then remedial action to clear them will be taken as soon as practicable.
 - c) If it is confirmed that the claim is valid the PCN should be cancelled. The claim will be considered valid if the motorist could not establish if the restriction considered was in operation. Where the lines can be clearly seen, even though they may be partially worn, the PCN will be enforced but remedial action to renew the lines should be undertaken.
2. Kerb Markings: (Loading Restrictions) as per yellow lines above.
3. Obscured Signs:
 - a) Information signs accompanying waiting or loading restrictions must be clearly visible at all times. If it is claimed that a sign was obscured and could not be read (e.g. graffiti, weather, and overhanging trees) the sign should be inspected as soon as practicable and remedial action taken. Photographic records from the CEO will be consulted. If the claim is proved to be correct the PCN may be cancelled.
 - b) If the sign can be easily read then the PCN will be enforced but the sign should be returned to reasonable condition as soon as is practicable.
4. Missing Signs: If a sign is claimed to be missing it should be inspected as soon as practicable and, if confirmed, arrangements made for its replacement. A single missing time plate will not normally be considered as the restriction being improperly signed. No Waiting At Any Time restrictions (double yellow lines) do not require time plates to be erected.
5. Restriction marked after vehicle parked: A PCN may be cancelled if records confirm that signing/lining/placement of cones or suspension notices are likely to have taken place after the vehicle was parked.

Royal Mail and Universal Service Provider Vehicles

Vehicles being used for the collection or delivery of postal packets are exempt from the regulations as long as they can be seen to be actively involved in such. Vehicles parked for more than 10 minutes with no activity observed are subject to the same restrictions as ordinary motorists and a PCN should be issued. Cancellation of a PCN will only be considered if written confirmation is received from the area manager that the vehicle was actively involved in the collection/delivery of mail.

Security Vans

Secure cash vans are occasionally required to park in close proximity to premises in order to effect safe delivery or collection of cash. PCNs issued under such circumstances should be cancelled upon receipt of a representation from the security company confirming such an activity at the time, unless it can be clearly shown that the vehicle was parked for longer than was necessary.

Security vans involved in the delivery of mail or other such low value items are expected to comply with parking restrictions.

Street Traders

Street trader's vehicles such as mobile kitchens and ice cream vans will not be permitted to park in contravention of any restrictions.

If a street trader's vehicle is seen to be parked in contravention of a TRO the person appearing to be the driver of the vehicle will be advised to move the vehicle by the CEO. If the vehicle is not moved after advice from the CEO, a PCN will be issued.

Suspended Bays

PARKING BAYS, DOCTORS, RESIDENTS, BUSINESS, SHARED USE.

Where a representation is received claiming that a vehicle was parked at the location without having received notice of the suspension and, upon investigation the claim is found to be valid the PCN may be cancelled, providing that a valid permit was displayed. It is normally the case that the responsibility for ensuring a vehicle is parked in accordance with any possible suspension rests with the driver. However, it will be the registered owner of the vehicle who is responsible for paying any penalty charge notice issued to the vehicle.

However, when a vehicle is parked legally within a designated bay, which is subsequently suspended, it is deemed to be legally parked as it cannot be made illegal retrospectively by the suspension. Vehicles parked when the suspension was placed should be recorded at that time. The owner will have to demonstrate however that, if the vehicle remains parked in contravention of the suspension for a considerable time, (s)he remained unaware of the suspension (e.g. on holiday).

Tariff – Rises in Parking Charges not Publicised

We may accept representations made against the issue of a PCN if the owner of the vehicle can provide proof that statutory notices were not erected in accordance with procedural regulations or, if the revised tariff is not on the tariff board.

Taxi Ranks

The Council shall make orders for Hackney Carriage Ranks. A notice is displayed at each rank showing its limits, how many Hackney Carriages may stand on it and any special regulations applicable. Vehicles, other than Hackney Carriages, (including Private Hire Vehicles) parked in such ranks will be issued with a PCN. Any vehicle, including a Hackney Carriage, parked outside of the rank and in contravention of a parking restriction will be issued with a PCN.

All Hackney carriage and Private Hire drivers must carry and display a licence (badge) this must be made available to any responsible person (including CEOs) for checking and recording.

See also “Hackney Carriages/Private Hire Vehicles (PHVs)”

Time/Date Calibration of Handheld

Prior to commencement of each shift the CEOs shall calibrate their hand held computers to ensure that they reflect the correct time and date.

Trunk Roads

Trunk roads are the responsibility of the Highways Agency (HA). However, Councils will be enforcing parking restrictions on major trunk roads where agreed.

Unauthorised Movement of a Vehicle

1. Stolen Vehicle: Confirmation from the police that the vehicle was reported stolen at the time the PCN was issued including the relative crime report number will result in the PCN being cancelled.
2. Unauthorised use of a vehicle by another family member or a friend is difficult to substantiate and under these circumstances the PCN will be enforced unless it can be demonstrated that the matter was reported to the police prior to or just after the issue of the PCN.

Uniforms – CEOs

The RTRA 1984 (Sect 63A[4]) states: “Parking Attendants (Civil Enforcement Officers) ... shall wear such uniform as the Secretary of State may determine when exercising prescribed functions, and shall not exercise any of those functions when not in uniform”. The Secretary of State has determined that: “uniforms must be readily distinguishable from those worn by the police and Traffic Warden Services and must include the following”:

1. Clear identification that the wearer is a Civil Enforcement Officer.
2. Clear identification of the Local Authority on whose behalf the Civil Enforcement Officer is acting.
3. A Personalised number to identify the Civil Enforcement Officer which may contain letters as well as numbers.

Each CEO will wear epaulettes when on duty and when PCNs are issued (there is no requirement for headgear to be worn). The epaulettes will show their individual CEO number and that they are employed on Parking Enforcement duties.

Uniform requirements are also covered in the Civil Parking Enforcement Operational Guidance issued by Welsh Government.

Vandalised Vehicle

When a vehicle has been vandalised to an extent that prevents it from being safely moved any PCN issued will be cancelled providing acceptable supporting evidence is provided. This evidence should be from either:

1. The Police – quoting the recorded crime number.
2. Motoring Organisation/Garage Service who removed the vehicle from site.

CEO observation from his/her pocket book must also be considered providing that it clearly states the extent of the damage. Failure to provide supporting evidence or the absence of CEO observation will lead to the PCN being enforced.

Vehicles Left Unattended To Gain Access

When a driver has to collect a key to gain access to a property this should take no longer than 5 minutes and will be covered by the 5 minutes CEOs observation time. In such circumstances vehicles should not be left for longer periods or in contravention of a total 'no waiting' or loading restriction. However, each case should be considered on its merits and extenuating circumstances taken into account.

Vehicle Stolen

We will accept representations made against the issue of a PCN if the vehicle had been taken without the owner's consent subject to receiving satisfactory evidence. The registered owner will be required to provide a valid police crime report including the incident reference number.

Visitor to Britain

If a PCN is issued to a vehicle displaying foreign registration plates it will automatically be recognised by the processing system as the registration number will not be in DVLA format. Should payment be made then it will be accepted in the normal way. Equally all correspondence and representations will be dealt with in the normal way. If a PCN is issued to a UK registered vehicle, which has been borrowed or driven by a foreign resident, the PCN will be enforced against the registered owner(s) as they remain liable for it.

Voluntary Patient Transport Vehicles

The display of a "Voluntary Patient Transport" placard does not automatically exempt the holder from parking restrictions. However, all representations or challenges against the issue of a PCN will be given due consideration bearing in mind that this is a voluntary service provided for the elderly and sick so that they can be transported to and from hospitals.

Generally such consideration should extend to:

1. Allowing sufficient time to enable the driver to make his/her presence known to the passenger(s).
2. Allow sufficient time to assist the passenger(s) between the vehicle and their home(s), bearing in mind that they may be elderly, infirm, disabled or unwell. This may well involve sufficient time to ensure that the passenger is comfortably settled within his or her own home prior to departure by the driver.

Representations/challenges should be accompanied by documentary evidence giving the date, time, the pick-up and drop-off locations for the trip and, wherever possible, a description of the passenger (i.e. Elderly, Disabled, Post-Operative etc.).

DEFINITIONS

The following are definitions of terms commonly used in conjunction with parking enforcement.

Charge Certificate

A Charge Certificate is issued:

1. 31 days after a Notice to Owner (NtO) is issued and no Formal Representation is received.
2. 31 days after a Notice of Rejection to a Formal Representation is sent where no appeal has been made to Traffic Penalty Tribunal.
3. 18 days after any appeal to Traffic Penalty Tribunal is withdrawn (i.e. withdrawn before hearing)
4. 31 days after the rejection of an appeal by the TRAFFIC PENALTY TRIBUNAL.

When a Charge Certificate is issued the amount of the penalty is increased by 50%. PCNs issued at the £70 rate will increase to £105. PCNs issued at the £50 rate will increase to £75. The Charge Certificate is sent to the keeper requiring payment within 14 days of the full increased amount.

Commercial Vehicle – Definition of

The definitions of commercial vehicles for the purpose of this procedure are as follows:

- Buses
- Hackney Carriages
- Private Hire Vehicles
- Heavy Goods Vehicles
- Vans – a van may look like a private motor car but may have some, if not all, of the rear windows blanked out.

Debt Registration

- This is done at the TEC (Traffic Enforcement Centre) at Northampton County Court electronically on or after 18 days from the issue of a Charge Certificate.
- The Local Authority must confirm issue of the Charge Certificate to the court and there is a fee, from the court, of £7 for each registration. This is added to the amount owed to the Council.

Debt Registration – Notice of

- Once the debt has been registered at TEC an Order for Recovery and Witness statement Form is sent to the debtor advising him/her that they have 21 days in which to pay the amount owed or swear a witness statement.
- Failure to do either will lead to a Warrant of Execution being applied for by the Council at TEC.
- Once issued this will enable the Council to instruct Enforcement Agents to collect the debt on their behalf.

Dispensation

- Formal permission given by a Local Authority for a vehicle to park in contravention of a waiting or loading restriction – i.e. to allow maintenance to be carried out to adjacent property.

Driver & Vehicle Licensing Agency (DVLA)

- The Government Centre responsible for maintaining records of all vehicles, their registered keepers and Driving Licenses.

Goods – Definition of When Related To Loading/Unloading

- In claims of loading/unloading permitted 'goods' are deemed to be any that are of sufficient bulk and/or weight that requires the vehicle to be parked adjacent to the point of collection or delivery.
- If a delivery is being carried out to a trade or business premises by a commercial vehicle this will be seen as compliant with the above.
- The delivery/collection of small individual portable items to or from a private vehicle will not constitute loading/unloading unless an elderly, disabled or infirm person is involved and enforcement of the restriction would cause hardship.
- In all cases the vehicle should never be parked for longer than is necessary but allowance should be made for delivery notes etc., to be signed.

Non-Fee Paying Enquiry & Response to DVLA – VQ4 & VQ5

- When a PCN remains unpaid for 28 days The Councils will make an enquiry to DVLA to ascertain the identity of the owner of the vehicle. This enquiry is made electronically via the Council's parking enforcement System.
- The response from DVLA is also electronic and is automatically fed into the Council's system. Responses are usually received within 3 days of enquiry.

Notice to Owner (NTO)

- If a PCN remains unpaid for 28 days WPPP will make an enquiry with DVLA to ascertain the identity of the registered owner. Once this is done a legal Notice to Owner will be sent to the owner advising him/her that the relative PCN remains unpaid.
- The notice will contain full details of the PCN issued and requests payment within 28 days of receipt or it gives the owner the opportunity to make a Formal Representation against the issue of the PCN, which also must be done within 28 days of receipt.

Penalty Charge Notice (PCN)

Issued at the time of the alleged contravention and must be affixed to the vehicle, handed to the driver, or issued by post (in the case of a vehicle driven away before the PCN was served, or where the CEO has been prevented from serving the notice to the driver).

The PCN will identify:

- a) The date on which the notice is served;
- b) The name of the enforcement authority;
- c) The registration mark of the vehicle involved in the alleged contravention;
- d) The date & time at which the alleged contravention occurred;
- e) The grounds on which the civil enforcement officer serving the notice believes that a penalty charge is payable;
- f) The amount of the penalty charge;
- g) That the penalty charge must be paid before the end of the 28-day period;
- h) That if the penalty charge is paid before the end of 14 days beginning with the date of service of the notice, the penalty charge will be reduced by 50%;
- i) The manner in which the penalty charge must be paid;
- j) That if the penalty charge is not paid before the end of the 28-day period, a notice to owner may be served by the enforcement authority on the owner of the vehicle; and
- k) That the person on whom the notice to owner is served will be entitled to make representations to the enforcement authority against the penalty charge and may appeal to an adjudicator if those representations are rejected; and

- I) That, if representations against the penalty charge are received at such address as may be specified for the purpose before a notice to owner is served,-
 - I. those representations will be considered;
 - II. but that, if a notice to owner is served notwithstanding those representations, representations against the penalty charge must be made in the form and manner and at the time specified in the notice to owner.

Registered Owner

The Person(s) or organisation who are registered at DVLA as being legally responsible for the vehicle – The Registered Owner is not necessarily the Owner or the Driver.

Suspension of Parking Bay

Suspension of parking within a designated parking bay(s). Notified by display of adjacent signs and notices sent, in advance, to nearby properties.

Traffic Enforcement Centre (TEC)

The TEC is located in Northampton and is a branch of the County Court, which specifically deals with motoring contraventions.

Traffic Penalty Tribunal

- An independent body supported by subscriptions from Local Authorities by means of a levy on each PCN issued.
- Once a formal representation against a PCN has been rejected the owner of the vehicle is given the opportunity to appeal to the Traffic Penalty Tribunal within 28 days of the rejection.
- Traffic Penalty Tribunal will review the case and make an independent decision as to the validity of the ticket based purely on its legality. The Traffic Penalty Tribunal will not take mitigating circumstances into account but will, realistically, expect a Local Authority to do this prior to the matter being sent to them. If they feel that mitigating circumstances do apply they will not uphold the appeal but will make their view known to the Local Authority.
- The Traffic Penalty Tribunal decision is final and binding on both parties.
- Further details can be obtained by visiting – www.trafficpenaltytribunal.gov.uk
